Shabang and Ryde Carpool announce Giveaway for students

Shabang partners with the RydeCarpool app, giving away 50 festival tickets to the app users

SANTA BARBARA, Calif. - January 26, 2023 - Shabang Live Music and Art Festival will be live in May in San Luis Obispo, California, with their annual immersive event in May. Shabang and sponsor Ryde Carpool are partnering for a free festival ticket giveaway to 50 lucky students. During the first two weeks of February, any student who purchases a ride through the Ryde application will automatically be placed in the giveaway a chance to receive a free ticket.

Ryde Carpool is a service that connects students and drivers when traveling home or long distances. Ryde Carpool became a sponsor for Shabang in 2022. They partnered to provide safe rides to and from the festival. The app is available only for California college students with a valid university email. The new giveaway promotion encourages students to share rides and travel safety at the festival.

“Shabang would not be here without the love from our community, which is made up largely of college students,” says Co-founder Carson Stone. “After the pandemic, we have grown so much in size and support. We wanted to do something this year to give back to our community of music and art enthusiasts.”

This year, Shabang will take place on May 5th and 6th at Dairy Creek Golf Course, San Luis Obispo, California. Along with more than 50+ live music performers, ranging from indie to

electronic, there will be many nonmusical performances and activities for festival-goers to enjoy. To purchase tickets or learn more about the festival, head over to www.shabangslo.com/tickets.

The Shabang x Ryde Carpool giveaway will begin on Wednesday, February 1st, and will end on Wednesday, February 15th, at 11:59 PST. Winners will be notified via app and email. Ryde Carpool is available in the app store on all Android and IOS devices. Only California college students with university emails can download Ryde and participate in this giveaway.

About RydeCarpool

Ryde Carpool is an application that connects California college students with drivers that are traveling in the same direction. Currently, enrolled college students with a university email are able to download the app, create a profile, and begin messaging potential rides. Preaching affordable and comfortable rides, Ryde Carpool changed the game for student transportation and ride shares all over California. In January 2022, three California college students created the Ryde carpool application we know today, still holding their core values, trust, community, little things, and reliability close to home.
